

TANK COLLARS NEW CONSTRUCTION & RETROFIT

Fiberglass tank collars are the most reliable method of tank sump installation. Their rigid construction from UL listed isophthalic fiberglass will provide a sturdy mount while personnel enter and exit the tank sump.

PRECUT - EASY INSTALLATION

Precut for easy installation to fit directly onto 4', 5', 6', 7', 8', 10' and 12' diameter tanks without modification.

UNIVERSAL DESIGN

Tank sumps can be installed with a traditional fiberglass kit or an epoxy kit to make a watertight seal. Collars can be installed directly onto fiberglass, steel and jacketed tanks.

NESTABLE DESIGN

PCI's tank collars use a nestable design which reduces shipping and inventory costs.

OPTIONS AVAILABLE

Single Wall	Double Wall	Description	OD	H
42" Collars				
4206CL-5	CLDW4206-5	42" Tank Collar, Fits 5' Tanks	45.2"	15.5"
