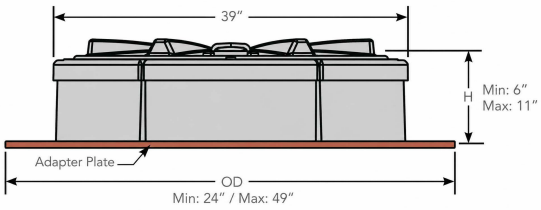
TWIST-LOK™ XL RETROFIT KITS
THE INDUSTRY'S LARGEST LID.

Everything you expect from a PCI Twist-Lok cover, now with greater access to the equipment inside your sump. The 39-inch XL combines dependable watertight protection and simple tool-free operation with over 10% more clear access area than our standard Twist-Lok system.



Shown with Optional 4" Inspection Port
Allows quick and easy inspection without removing the cover.

LARGER OPENING
Over 10% more clear access area than the standard PCI Twist-Lok system gives you more room to reach, inspect, and service equipment inside the sump.

STAINLESS STEEL HANDLES
Standard stainless steel handles provide a secure grip for lifting and removing the XL through a 42-inch manhole opening.

12-POINT WATERTIGHT SEAL
Twelve points of contact secure the cover against the sealing surface, providing dependable watertight protection with a simple twist.

TOOL-FREE OPERATION
Remove and reinstall the cover without tools. A built-in hard stop prevents overtightening and provides a clear stopping point when locking the cover.

RAISED SEALING SURFACE
The raised, rounded surface helps keep dirt and debris from interfering with the seal between the cover and collar.

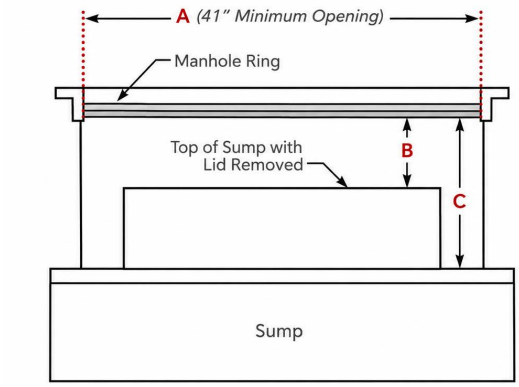
FIBERGLASS CONSTRUCTION
Injection-molded fiberglass provides a durable cover built for long-term service in containment applications.

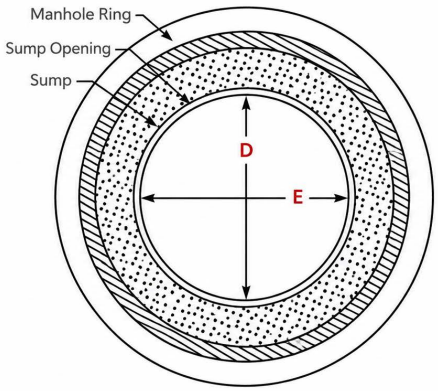
NO BREAKING CONCRETE
Kits are available for existing polyethylene and fiberglass sumps, with bonding options matched to the application.

OPTIONAL INSPECTION PORT
Perform quick inspections without removing the entire cover.

5 MEASUREMENTS FOR A TWIST-LOK XL RETROFIT LID

- A: Interior Diameter of Manhole Ring - *40" Min.*
- B: Bottom of Manhole Cover to Top of Sump Riser - *8" Min.*
- C: Bottom of Manhole Cover to Top of Canopy - *8" Min.*
- D: ID of Sump Opening (Position 1)
- E: ID of Sump Opening (Position 2)





Part No.	Description
Polyethylene Tank Sumps	
12PLSXL-1P	Includes Clear Magic Poly Adhesive
Fiberglass Tank Sumps	
12PLSXL-1E	Includes Epoxy Bonding Kit
12PLSXL-1G	Includes Fiberglass Seam Kit w/ Adapter Plate
12PLSXL-1F**	Includes Fiberglass Adhesive w/ Adapter Plate
12PLSXL-1N	No Bonding Kit, Adapter Plate Included
12PLSXL-1X	No Bonding Kit, Adapter Plate Not Included
12PLSXL-1U***	Universal Twist-Lok Retrofit Kit

** Requires an adhesive applicator (Sold Separately).
*** Includes Epoxy Bonding Kit and Fiberglass Adapter Plate
